

OFFICE OF THE
CITY COUNCIL

CITY OF SACRAMENTO
CALIFORNIA

STEVE COHN

COUNCILMEMBER
DISTRICT THREE

July 21, 2005

Dear Business Owner:

I hope you will consider joining the North Sacramento Chamber of Commerce. Since 1923, the Chamber and its members have served businesses in the area and the North Sacramento community.

This non-profit organization collaborates with other community and government organizations such as my office to improve the neighborhood, promotes the community's unique sense of place as a destination and ensures the highest standards for an improved community quality of life.

The Chamber also offers many benefits to its members. It markets your business through advertising, its visitor and map guide and its visibility programs; it continues to build the community by backing nearly 10 percent of its budget to community causes like neighborhood events, youth education programs and scholarships; it saves you money through discounts; and it creates relationships between businesses.

The North Sacramento Chamber of Commerce has done wonders to improve the North Sacramento area through its charity. Once again, I hope you will consider joining the Chamber, not only for the benefits of your business, but for the benefits to the community as well.

Yours truly,

STEVE COHN
Councilmember, District 3
